

CORPORATE SHIPMENT RECEIVING (CSR)

**DigitalShipper CSR
Internal Delivery System**
will:

Capture data on documents
or packages received, by
scanning a bar code.

Capture both package and
employee information by
scanning the internal delivery
label.

Create useful reports

Allow quick access to
needed delivery information.

Get delivery details such as
date, time of delivery, and
who signed.

Streamline Your Internal Delivery Operations

Meet the challenge of today's mail center. Receive, record, sort and deliver all of your important inbound packages and documents. With **DigitalShipper CSR**, you close the loop for all your internal receiving and delivery processes.

DigitalShipper CSR offers a variety of integration options, eliminating errors and manual data entry, providing easy access to delivery information company-wide.

DigitalShipper CSR is ideal for any organization requiring delivery accountability, including:

- Corporate Office Buildings
- Convention Centers
- Hotels
- Law Offices
- Insurance Companies
- Banks
- Investment Firms
- Brokerage Firms
- Credit Unions
- Universities and Colleges
- High Tech Companies
- Any company with 250 or more employees
