Introducing DigitalShipper for California Overnight

DigitalShipper now offers a California Overnight Module for your multi-carrier system!

DigitalShipper & California Overnight have introduced a new, carrier compliant California Overnight Module for DigitalShipper Enterprise and Clippership customers! Add the new California Overnight Module and have access to the region's best service and rates in the overnight delivery business.

DigitalShipper's California Overnight compliant shipping module allows customers access to all of California Overnight's service levels including Sunrise and Sunrise Gold. The module integrates seamlessly into DigitalShipper Enterprise and Clippership, allowing your company to process any California Overnight shipment.

California Overnight is the leader in regional overnight package delivery service within California, Arizona and Nevada. Founded in 1992, California Overnight has the expertise to provide superior service and value in the overnight shipping market.
